A word of warning had been received by the express authorities and this is the reason for this summary disposal of the robbers. The train was delayed but ten minutes and not a single injury was suffered by anyone on the train.

MANITOBA MAY REVOLT.

Dominion's School Message Read in the Legislature.

IT IS LIKELY TO BE DISOBEYED.

The Greenway Government Contents That the Present Law Is Satisfactory—The Catholics Claim to Ignore the Order Will Be Open Rebellion Against the Queen.

WINNIPEG, March 27.—The first step in the renewed fight over parochial schools in Manitoba began in the legislature when the full message was presented from the Dominion government at Ottawa, ordering the Manitoba legislature to give the Catholics their rights, as they existed before the abolition of parochial schools in 1890.

The reading of the Ottawa message occupied over an hour and, all verbiage removed, it amounts to the request as above stated. Mr. Martin, a French Catholic member of the legislature, urged that the government should take immediate action, but Premier Greenway protested, saying that the message should be printed in order that all members might know what they were dealing with. Here the matter rested and the discussion will now probably not take place till tomorrow.

Meanwhile the situation grows more complicated. The Catholics and their friends say that Greenway and his followers, if they reject the order from Ottawa, are rejecting a document ordered and signed by her majesty, the queen, and such act would be equivalent to open rebellion. They say they cannot conceive how the Dominion government could do otherwise than make the formal request they have made, as they were bound, so far as lay in their power, to take immediate action upon the decision of the highest court, and see that the grievances of her majesty's subjects of the Roman Catholic faith in Manitoba received redress at the earliest possible moment.

The Greenway government contents, on the other hand, that the present school law is satisfactory to many Catholics if it were not for the agitation by the coming week and without any great amount of speaking. Premier Greenway, when speaking on the matter, said the length of the discussion would depend upon the amount individual members wanted to talk. Premier Greenway denies that he will compromise the matter by introducing a bill making the schools entirely secular.

FIRE IN A CHICAGO STORE.

Several People Injured In Making Their Escape.

CHICAGO, March 27.—A fire which broke out in the basement of the Belle Clothing house, on the corner of State and Quincy streets, destroyed the entire contents of the establishment above the second floor and left only the walls of the buildings from that floor to the roof standing. It occurred at the busiest part of the day, with the store crowded with customers and employees, and the flames running through the building like a train of powder, filling every nook and corner with their dense smoke, it was remarkable that no lives were lost. In attempting to escape from the building the following persons were injured: C. H. Smith, leg broken in jumping from the second floor window and bruised about the body; Dick Burns, elevator boy, slightly burned about the face; Grace Mertell, a clerk, bruised by a fall and carried from the building; Helen Caesar, clerk in store adjoining the burning building, overcome by smoke.

Samuel Cohen, a salesman, and John Diehl, the engineer, had narrow escapes from death. The loss on the building was \$10,000 and the stock \$20,000. The building was insured for \$30,000 and the stock for \$30,000.

A New Torpedo Boat Ordered.

HOHENLOHE VISITS BISMARCK.

He Is Accompanied by the Duke of Baden. Incidents of Emperor's Visit.

BERLIN, March 27.—The Grand Duke of Baden and Chancellor von Hohenlohe visited Prince Bismarck today. When Emperor William called yesterday he presented Prince Bismarck with a sword of honor in behalf of the army.

Emperor William, in proposing Prince Bismarck's health after the luncheon, referred to the services which the latter had rendered to Emperor William I. Prince Bismarck, in reply, said that since 1848 he had only done his duty and nothing more. As for the recent vote of the reichstag, he added he could only deplore the lack of national sentiment thereby displayed.

The Empress of Germany commissioned the crown prince to present to Prince Bismarck a beautiful basket of roses and a letter of congratulation. The young prince handed the gift to Prince Bismarck with the simple words "from mamma."

After a thorough examination of his distinguished patient, the physician reported confidentially to the mikado that Li Hung Chang must die. The wound is in the face, and the bullet, which the surgeon had not succeeded in extracting, is apparently beyond reach. Moreover, Li is 70 years of age, and although a giant physically, his years are against him.

MURDERED AS A WITCH.

Terrible Example of Superstition in Ireland.

TEN TORTURERS NEARLY LYNCHED.

An Adoption of Southern Methods Narrowly Averted—The Victim, a Woman. Killed by Awful Methods by Her Husband and Others.

WATERFORD, Ireland, March 27.—A most extraordinary case of murder arising from superstition has been inquired into by the special court of Clonmel, 25 miles from here. Ten persons were arraigned before the court charged with murdering a woman named Cleary, because they supposed her to be a witch. The prisoners included the murdered woman's husband and father. The evidence showed that Mrs. Cleary was suffering from nervousness and bronchitis and her husband, believing her to be bewitched, and in order to exercise the evil spell obtained a concoction from a herbalist of the neighborhood. Then, while the other prisoners held the unfortunate woman in bed, her husband forced the obnoxious concoction of herbs down her throat.

After this the suffering woman was held over a fire and dreadfully burned until she declared in the name of God that she was not Cleary's wife. This torture was repeated on the following day, but the woman refused to conform to her husband's requests, whereupon he knocked her down, stripped off her clothing, poured paraffin over her body, then lighted it and the woman burned to death in the presence of six male and two female relatives. Cleary declared that he was not burning his wife, but that he was burning a witch, and she would disappear up the chimney.

When the woman was dead, her husband collected her charred remains in a sheet and buried them in a dyke, beneath the mud, where they were found a week later. The prisoners, who were remanded, narrowly escaped lynching.

JUDGMENT FOR \$145,500.

United States Citizens Win Big Claims From Venezuela.

WASHINGTON, March 27.—After months of deliberation the Venezuelan claims committee has concluded its labors and announced its decision, being a judgment in favor of citizens of the United States, for \$145,500, about one-third of the amount of the claims. The claims date back to 1871, when in the course of a revolution in Venezuela three of the vessels of the American corporation were seized by the Venezuelans on either side in the controversy, and much damaged by being used in war. The ships were finally recovered, one through the good office of the commander of a British warship and the other two by the commander of the United States steamship Albatross. The claim also included items based on the refusal of the victorious revolutionary government to allow the company to exercise the franchise it held to navigate Venezuelan waters, and also items for the imprisonment of the masters of the seized vessels.

IRONWORKERS MAY STRIKE.

A Conference Saturday Decides If For the Shenango and Mahoning Valleys.

PITTSBURGH, March 27.—The conference on the proposition of the Ohio Valley manufacturers to pay only \$8.50 per ton for puddling, and a general reduction of 15 per cent in the finishing departments will be held on Saturday. President of the Amalgamated association declined to express an opinion as to the result of the meeting. The lodges of the association have voted against the acceptance of the sweeping reductions, and it is probable the cut will be refused. Unless the manufacturers withdraw the offer a strike is likely to be declared in the Shenango and Mahoning valleys, and fully 10,000 men will be idle.

A Brave Ex-Warden Dead.

MONTREAL, March 27.—Ex-Warden Lavolette of St. Vincent De Paul penitentiary has died here. It was he who subdued the great convict revolt eight years ago at the penitentiary. At the time of the revolt he was captured by the convicts in the yard and used as a shield while they made an attack on the wall. The guard naturally feared to do anything with the prisoner, and he received four bullets from the guns of his own guards in his body, while several convicts were killed and the revolt was quelled. As a reward, the Dominion government retired him on full salary.

Harriet Beecher Stowe All Right.

HARTFORD, March 27.—During the past few days the family of Harriet Beecher Stowe has been delayed with inquiries as to the condition of the noted novelist, owing to the publication in New York of a story that she had become violently insane and was to be confined in an insane asylum. Edward Beecher Hooker, M. D., her physician, has issued a card in which he states that Mrs. Stowe is in better health than usual and that she devotes considerable of her time out of doors, visiting freely her friends and neighbors.

RIGHT LABELS ON LIQUOR.

The New South Carolina Governor Vindicating the Dispensary Law.

CINCINNATI, March 27.—In proof of the assertion that has been made that the administration of the state dispensary law of South Carolina, since the advent of the new governor and commissioner, has been modified, one of the leading wholesale dealers of this city states that Commissioner Mixs has placed an order with him for a large quantity of high-grade liquors to be bottled and to bear the original label. Heretofore the method has been to label all liquors to one brand, that of the state of South Carolina. This is the first time that special labels have been allowed, and while it is apparently in conflict with the law of the state, it shows that the new administration is disposed to soften the rigors of the law and at the same time increase the revenue of the state dispensary.

Burned by Gasoline.

LINCOLN, O., March 27.—While Mrs. M. Davis was lighting her gasoline stove she allowed the cup to get too full and drip into the pan underneath, which caught fire and blazed up, and in attempting to extinguish the small blaze she upset the stove, scattering gasoline all over the room, which immediately became one mass of flames. Her hair was singed off and her face blistered; her left hand was burned to a crisp. The entire inside of the house, which was owned by John Barrone, was burned out. Loss about \$300; insured in the Phoenix.

Evidently Murder and Arson.

CEDARVILLE, O., March 27.—The suburban residence of William H. Walker has been destroyed by a fire which originated in a detached room where slept a relative, Sanford Wilson, who was burned beyond recognition. He was single and aged about 60 years. The body was found lying face downward on the floor. He was an old soldier and had drawn a large pension in gold. This is missing. His skull was found to be crushed and foul play is suspected. An investigation will be made.

Fined For a Peculiar Offense.

CINCINNATI, March 27.—The United States government has enforced through the United States court the penalty for opening another's letters in a peculiar case. John Stettin, an employee of the paper mill which bears the waste paper of the Cincinnati postoffice, found a few letters among the waste directed to parties in Chillicothe, O. Stettin turned a check for \$50 in one of them and then wrote to the Chillicothe postmaster requiring a reward for returning the letters. He made a plea of guilty and was fined \$25.

In the station is located the office of the Colter Packing company. The safe was blown across the room, completely gutting it and bursting the doors. An adjoining blacksmith shop was damaged by the explosion. Nothing valuable was secured.

Cured by Anti-Toxine.

UPPER SANDUSKY, O., March 27.—Another successful anti-toxine test has been made here. Frank McDonald, a colored hostler, was seized with diphtheria, and surely would have died but for two injections of the anti-toxine. His temperature was 109 and began falling within ten hours. Dr. Stutz pronounces it the most remarkable cure in his experience.

A Big Revival Meeting.

BLANCHSTER, O., March 27.—The religious revival begun here by Rev. McNary at the M. E. church eight weeks ago has assumed great proportions. A special train was run from Hillsboro and brought a large crowd to the service. A number of
